Customer Reviews

It is not as detailed as I would hope. I've read the book and I still don't really know if I could do one of the carvings. It does seem to do a good job of explaining the types of bars and chains that are needed though.

Informative.This book gives tips and ideas for the newcomer.Chainsaw basics,saws to choose from-safty-steps in cutting-projets to try.A nice book to help beginners.

great book
