## **Customer Reviews**

Many times when you read Mexican recipes they are not necessarily home cooking or they don't have many soup and salad recipes. I will be making many of these because I live in the Southwest and all ingredients are available to me. We eat many soups, stews and chilies in the winter months and I like to make them different so we don't tire of them. When the days turn short and cold my soup pots come out and simmer for hours. These are easy recipes and sound so good.

I really like this book. The recipes inside are delicious, simple, and easy to make. I definitely recommend this book, especially at the low price.

Love it
